

NOTL BRITISH HOME CHILDREN, 1868-1914

[Marie S. Rye's Organization, 1868-1896; Church of England Waifs & Strays to Niagara, 1896-1914]

v.5

NOTES:

Compiler: David F. Hemmings, President, Niagara-on-the-Lake Museum, Oct 2021.

The information in this database has been sourced from (i) Maria Rye's and Church of England Waifs & Strays Society records, (ii) reports to the Department of Agriculture, Canada & other Government agencies, (iii) Passenger Lists for ships carrying "gutter children" to Canada, (iv) reports by Canadian and Provincial Government officials in Canada, and (v) relevant correspondence, books, historical documents and children's histories. See also Compiler's Notes in the associated Research paper on the website.

1. F = Female; M = Male; # = a number for each of sponsored (child) immigrants through Miss Rye's leadership; MSR = Maria Susan Rye; CEWS = Church of England Waifs & Strays.

2. WH = Workhouse; Sch=School; Ma = Mother; Pa = Father. NOTL = Niagara-on-the-Lake, ON. Two-letter province & state codes are also used.

3. Miss Rye, Mrs Soffe and other Matrons or those in charge are NOT included in the immigrating Children numbers (#). They appear at the end of each ship's manifest list.

4. From 1874 on, Miss Rye used initials, not full names, in her reports. However, ship's manifests mostly used full names. Linking the two lists has been on a best efforts basis. E.g., "E.(Eliza)": E. comes from the Rye reports; (Eliza) comes from the ship's manifest.

5. The ship's manifests for some Ontario-bound groups have not yet been found for 1872-1873 (52) and 1882 (49) - as well as some missing partial lists.

6. There are no ship's manifests extant for ships sailing to Halifax, NS before 1881. The SS Caspian manifest for July 1872 is therefore not available; some passengers have been presumed based on Dr. Edwin Clay's 1878 report. Immigration Agent for the Maritimes. This is the residue of those BHCs who did not come in the other sailings around 1872.

7. The Green-coloured cells in left column indicates a known Married BHC, subject of another database now on the Museum's website.

8. The Orange-coloured cells in left column indicates a known Single (Unmarried or Died Young) BHC.

Disclaimer: The database project is a best efforts endeavour to identify the British Home Children administered through Our Western Home in Niagara-on-the-Lake, ON, Canada.

Numerous Miss Rye & CEWS reports, Government reports, Ships' Manifests, etc. have their own errors and omissions - as well as handwriting and scanning that may be difficult to read. All errors, omissions and uncertainties are the responsibility of the Compiler. Any questions should be directed to: hemmingsdd@gmail.com .
