

## The Lincoln Militia

The following is a collection of materials that the Niagara Historical Society & Museum has in its' collection providing some understanding of the participants and combatants in the War of 1812. These are predominately from the 1<sup>st</sup> Lincoln Militia, as well, this is not a comprehensive list, merely the names and documents in our collection related to the War. These transcriptions have been put together by our volunteers and may contain errors. To view the original documents, visit [www.1812history.com](http://www.1812history.com) .

### 995.198
